## INTEREST UNABATED IN TABERNACLE MEETINGS.

As the time for the closing of the great revival meetings being conducted at the Tabernacle in this city by Evangelists Ham and Ramsey comes closer the interest which all along has been intense, manifests no sign of abating, and if anything is growing stronger.

The nightly sermons by Mr. Ham and the intensely interesting song services conducted by Mr. Ramsey have been productive of great good in the community, and has been the means of bringing into the churches of the city many who would otherwise have remained outside the pale.

On Tuesday night the members of the Masonic lodges of the city and county assembled at the Masonic Temple and marched in a body to the Tabernacle, where seats in the center section had been reserved for them. Mr. Ham preached a special sermon to them taking as his theme "When Death's Angel Visited the Nation." The sermon was a very noted one, and was listened to with marked attention by the large audience.

The usual morning services are being held each day except Monday, and the busy people even find time to attend these meetings. At each of the churches morning prayer meetings are now being held at 9 o'clock.

Another large crowd attended the services Wednesday night, and after the invitation a number responded. The song service in charge of Chorister Ramsey was up to its usual high standard.

Last night the crowd that attended was fully as large as that of any previous occasion, and the order of exercises proved as interesting.

The meetings will close with the meeting on Sunday night, November 1, when Evangelist Ham and his party will go to Weatherford, Texas, where they will be engaged for some time in conducting an evangelistic meeting.

Mr. Baumgartel, Mr. Ham's chief architectural assistant, left Paris Tuesday for Weatherford, to superintend the erection of the Tabernacle to be used there for the meetings.

The building being used here for the meetings has been sold to Mr. C. A. Ellis, who will remove it from the lot as soon as the meetings close next month. It had been suggested that it would be a good idea for the city of Paris to purchase the building and allow it to stand for use as a tabernacle or convention hall, such as used by other cities.

The following persons have joined the Methodist church up to Sunday as a result of the labors of Evangelist Ham: Mrs. Flora Ashurst, Mrs. Ida Reed, Mrs. Granville Baker, Mrs. Mary Blythe, Mrs. Cora Delaney, Mrs. Earl L. Mast, Mrs. Cates, Mrs. Gillard Neal and Mrs. Albert A. Pouge; Misses Gladys Thompson, Ava Neal, Elizabeth Wheeler, Ruth Wheeler, Adel Wheeler, Ora Cassidy, Ella Rose, Lillian Delaney, Hulda Taylor, Cletes Chipley, Elizabeth Lilleston, Elizabeth Taylor; Messrs. John H. Blythe, Granville Baker, Geo. Blythe, Geo. W. Blythe, James Lennox, Wm. Blythe, Lucien Thompson, Beverly Thompson, Wm. McIntyre, James Berry, Walter Laughlin, John S. Martin, Wm. Fronk, Earl L. Mast, Stanley Rule, Robert Rowland, Wm. Rowland, Jesse Galloway, Howard Roberts, N. H. Bradley, Dillard Fitzpatrick, Edgar Tingle, Edward Delaney, Robert Gardner, Robert Berry and Russell Lenox.

## OCTOBER NUMBER OF "EVERYSTUDENT" SUCCESS.

The first issue for 1914 of the High School publication, "Everystudent," published each month during the school year by the pupils of the Paris High School, is out, and is in every way a most creditable production.

The publication, which, with its second number, enters upon its second year, is edited by Landon Tempin, with Bishop Batterton in charge of the "Luke McLuke" joke department; Evelyn Friedman, literary editor; Jennings Taylor and Edyth Hancock, art editors. The business staff is composed of Maurice Clark, business manager; Eugene Elder, circulation manager, and Barnett Winters, treasurer.

The current number of "Everystudent" is full to the brim of good things, both from the editorial point of view and in the way of contributed articles from the students. Notable among these is an amusing and interesting dialect story by Miss Eleanor Lytle (first year) daughter of Mr. and Mrs. O. G. Lytle, of Paris, entitled "Miss Bill," in which the trials and tribulations of Hugh Percy Van Rump, a city bred chap, and his humorous experiences at Pumpkin Hollow, with "Miss Bill," are set forth in a style that would reflect credit upon one of more mature years.

Miss Evelyn Friedman, '16, contributes an interesting and cleverly written article entitled "Gypsies."

"Everystudent" is an ambitious publication, and hopes with the aid of the patrons of the High School, to improve with each issue.

## COUNCIL PROCEEDINGS.

The City Council met in regular session at the Council Chamber last night, with a full board present, and Mayor Hinton presiding.

Beyond allowing accounts against the city, and granting a few building permits, no business of importance was transacted and the board adjourned sine die.

The man complains that his wife can't cook like his mother used to cook, never thinks of marrying an old woman with his mother's experience.

## ASHLAND DISTRICT EDUCATIONAL ASSOCIATION MEETS.

The Ashland District Educational Association will convene in the Auditorium of the Paris High School this morning, when an interesting program will be carried out for the first day's session. The meeting will continue to-morrow.

The program for to-day will be as follows:

10:00—Prayer—Dr. O. E. Mangum; Song—City High School Chorus; Welcome Address—Hon. C. M. Thomas, of Paris; Response—Prof. R. S. Eubank; Solo—Miss Elizabeth Hinton; Address by the President—Prof. T. A. Hendricks; 11:15—Address—"How to Convince Parents That School is Worth While"—Supt. H. C. McKee, Frankfort; 11:30—"How to Show the People That Their Money Has Been Well Spent"—Supt. M. B. Hifner, Versailles; 12:00—Luncheon served by the teachers of the county.

Twelve counties are included in this district. From these counties a large number of educators, members of school boards, and others interested in education, are expected to attend the meetings.

Next to the Kentucky Educational Association these district associations are the largest and the most important conventions of teachers in the State. They are of even greater importance than the K. E. A. locally, because of their being in touch with the needs peculiar to the community, and are therefore better able to deal with local problems.

The very best educators in the district, and some of the best from the outside, are on the program. Men and women from colleges, city schools and county schools will tell how they have solved their problems, and will give us the benefit of their experiences in solving others.

It is to be hoped that the people of Paris will avail themselves of this opportunity to find out what other schools are doing in order that they may have an adequate idea of what their own schools are doing.

The people have responded very enthusiastically in offering to provide entertainment for the delegates, and the pupils of the schools are preparing to give some of their best music. It will be an event in the history of Paris.

## EUROPEAN WAR IN BRIEF.

Both French and British pay tribute to the valor of the Belgians, who, with the allies, are holding back the German advance along the North Sea coast. Incessant fighting has been in progress from the coast line as far south as La Bassee, a distance of about 50 miles, but this line is divided into several fronts, on which separate engagements are being fought. It is this line the Germans are endeavoring to break in their attempt to reach Dunkirk and other French seaports.

Three British monitors, the Severn, Humber and Mersey, with six-inch and other heavy guns, are shelling the Germans in the vicinity of Ostend, where, it is said, terrible execution has been done. Machine gun detachments also have been landed from these vessels and are assisting in the defense of Nieuport.

There has been particularly hard fighting in the Lille region, where the British are in action. The important French town of Lille still is held by the Germans, and the encounters in this neighborhood have been of a hand-to-hand character.

Optimistic reports, from the Russian viewpoint, come from Petrograd, where it is officially announced that the German troops have been driven from the roads leading to Warsaw and are in full retreat, having left their wounded on the field of battle.

Similarly, the Russian report that the advances of the Austrians in Galicia have been stayed.

Sasebo, the naval port of Japan, reports that the Japanese have destroyed the military equipment and seized large quantities of gold and munitions of war on the German islands in the South Seas, recently occupied.

By order of the Russian Emperor the students of the universities and high schools have been called to the colors. These youths are ordinarily exempt from war service.

## RULED OFF RECORD.

At Georgetown, the dry forces of Scott County made a motion in the County Court, Monday, to record the certificate of the recent local option election. This the wets opposed, and Judge Ward, after hearing the arguments, declined to put the certificate to record.

At Mt. Sterling, Saturday, County Judge Chenault declined to allow the certificate for the canvassing Board in the recent local option election in that county to be placed on record. Judge Chenault decided under the law that the certificate could not be placed on record after a contest had been instituted until after the contest had been heard, and the Contest Board will not meet until November 4.

## NOTICE TO STOCK OWNERS.

All persons driving live stock through the streets of Paris are required to furnish sufficient men with the herds to keep said stock from running through and damaging the yards along the streets.

Considerable complaint is made by residents of Paris about stock being allowed to run through their lawns, damaging hedges, flowers, etc.

Mayor.

## MISS MOORE RECOVERING.

Miss Pearl Moore, the victim of an attack by an unknown man last Saturday night, and who has since been confined to her home suffering from injuries inflicted by her unknown assailant, is recovering rapidly and will soon be able to resume her position at the Cumberland Telephone office.

The police are still working on the case, but with little prospect of apprehending the guilty party. On a theory that the man was a white man disguised several suspects have been placed under surveillance, but nothing has been definitely learned that would warrant an arrest.

The similarity of the cases of Mrs. Isgrigg, in East Paris, Miss Oliver, near Ruddles Mills, Miss Kiser, near Kiseron, Miss Moore in Paris, and two others whose desire to avoid publicity has kept their names out of print, lead to the theory that one or two men have been pursuing the same tactics.

Man-made laws may be all right and the talk of justice good, but there ought to be a quick and sure end to such dastardly scoundrels who are terrorizing and attacking defenseless women in their homes and on the public highways.

## ADDITIONAL SUITS FILED AGAINST R. B. HUTCHCRAFT

Two additional suits have been filed in the office of Circuit Court Clerk W. H. Webb against Mr. R. B. Hutchcraft, making an aggregate of about \$75,000 filed in the past three days. The Second National Bank of Lexington, through their attorneys, Faulconer & Faulconer, sued to recover on a note amounting to \$5,000. Mrs. Martha S. Withers, of Lexington, through her attorney, Bailey D. Berry, sues to recover on a note for \$3,000.

Suits in various amounts, aggregating in all \$61,000 were filed last week against Mr. Hutchcraft, as detailed in the News.

Mr. Hutchcraft is confined to his home on Second street, suffering from the effects of an attack of grip for several days, and has been unable to be at his place of business.

## MASONIC GRAND LODGE ELECTS NEW OFFICERS.

The one hundred and fourteenth session of the Grand Lodge of Kentucky Masons came to an end in Louisville yesterday, after an interesting session which began Monday. Only one session was held yesterday, beginning at nine o'clock, and adjourned after all business had been transacted shortly after noon.

The new officers elected were:

Deputy Grand Master—T. A. Adams, of Louisville.

Grand Senior Warden—J. N. Saunders, of Stanford.

Grand Junior Warden—Dr. Earle W. Weathers, of Elkhorn.

Grand Secretary—David Jackson, of Louisville.

The offices of Grand Senior Deacon, Grand Junior Deacon, Pursuivant, Grand Swordbearer, Grand Marshal and Grand Tyler will be filled by appointment of the incoming Grand Master.

The Paris delegation to the Grand Lodge will return home to-day.

## WOMEN'S PRESBYTERIAL IN SESSION AT MILLERSBURG.

The Woman's Presbytery of the Ebenezer Presbytery of the Southern Presbyterian Church convened in Millersburg yesterday morning for a two-days' session, lasting through to-day. An interesting program was rendered, consisting principally of addresses along the line of church work by prominent members of the Presbytery. To-day's program promises to be equally as interesting. A large number of delegates attended yesterday, all of whom remained over to attend the sessions to-day.

The program rendered yesterday was as follows:

Morning—Devotional, Mrs. A. S. Venable; Hymn; Address of Welcome, Mrs. Layson-Tarr; Response, Miss Tully; Reading of Minutes of Last Presbytery, Mrs. James Butler, Secretary of Last Presbytery; Mrs. A. C. Riggs, Secretary of Literature; Mrs. James Butler, Secretary of Foreign Missions; Miss Ruth McClintock; Echoes from the Sunflower, Mrs. Waugh; Appointment of Committees; Collection; Hymn.

M.; Mrs. Harry Clay, Secretary Young Peoples' Work; Miss Susie Simmons; Special Music; Address—"Doing Things Expediently," Mrs. Rouse; Recitation, Miss Tully; Address—"Mountain Missions," Miss Duboise.

## JAPS SEIZE ISLES IN PACIFIC.

TOKIO, Oct. 20.—The navy department has announced the occupation for military purposes of important islands in the Marianne (or Ladrones) Marshall, East Caroline and West Caroline archipelagoes.

Previous announcement has been made of the occupation by Japan of islands in the Marshall and Caroline groups. The occupation of an island in the Marianne or Ladrones group has not heretofore been reported.

The Marianne islands lie directly east of Luzon and about 1,700 miles from Manila. In this group is the Island of Guam, which was acquired by the United States in 1898. Here the United States maintains a small military force and there is a cable station on the line between Manila, Honolulu and San Francisco.

The Marianne group is about 500 miles south of the Bonin Islands which belong to Japan. The total area of the Marianne is about 420 square miles.

With the exception of Guam, all islands in this group were sold by Spain to Germany in 1889 and form part of the government district of German New Guinea.

## JAP CRUISER SUNK BY MINE.

ROTTERDAM, Oct. 20.—Dispatches from Tokyo reveal that serious reverses have befallen the Japanese forces, both on land and sea, which are besieging the German fortress at Tsing-Tau in Kiau-Chau.

The Tokyo War Office to-night announces that the cruiser Takachiho lies at the bottom of Kiau-Chau Bay. The warship was sunk last night when it fouled a mine laid by the Germans. It is known that only one officer and nine members of the crew were saved. Twenty-eight officers, fifty-four non-commissioned officers and 189 seamen, a total of 271 persons, perished.

## GERMAN FLEET IS GETTING READY.

LONDON, Oct. 20.—In a dispatch from Rotterdam, the correspondent of the Evening News declares that the German marines are leaving Antwerp to rejoin the German fleet and the German ships at Kiel are being ex-tensively provisioned.

## GERMANS HURLED BACK.

PARIS, Oct. 20.—British warships, cannonading the German land forces, who had opened a terrific bombardment of the allies' entrenched position between Nieuport, on the Belgian seacoast, and Dixmunde, southward on the Ypres Canal, to-day struck terror to the hearts of the invaders by their flanking and enfilading fire and broke the force of the attack.

The Belgians, fighting on their own soil to regain their country, dashed forward, and in a desperate counter attack hurled the Germans back.

This is the first time in the war in the North that naval vessels of any of the belligerents have effectively aided the land forces in the operations.

## FOOD FOR STARVING BELGIANS.

WASHINGTON, Oct. 20.—The German Government has consented to the admission of food supplies for destitute Belgians. The British Ambassador here and American Ambassador Page in London have been notified by the State Department.

The State Department had been urging this action by the German Government for nearly a week and had addressed two separate inquiries on the subject to the Foreign Office through Ambassador Gerard at Berlin.

By the agreement effected with the German Foreign Office these supplies may enter Belgium provided they are consigned to Minister Whitlock. The British Government was insistent on this point, desiring to make certain that the supplies would not be used by the German army.

## PEACE IN OLD MEXICO.

WASHINGTON, Oct. 20.—General Villa has informed the United States Government that unless something unforeseen occurs hostilities in Mexico are at an end, and that he will support any provisional Government

set up by the National Convention at Aguas Calientes.

Villa said he would not accept Carranza as Provisional President, but was satisfied he would not be chosen. The general understanding on all sides has been that Carranza himself does not desire to be Provisional President, wishing to be free to enter the Presidential race in the succeeding election.

The latest official reports to the State Department describe in detail the visit last Saturday of General Villa to the convention at Aguas Calientes.

General Villa wrote his name on the Mexican flag, as did all the other delegates, and kissed the banner, pledging again amid a storm of applause to abide by the decisions of the convention.

## BECKHAM DRAWING CROWDS.

Governor Beckham is drawing great crowds wherever he has spoken, even in Republican districts his speeches have been received with great favor and hundreds of Republicans have pledged their votes. Governor Beckham's personal following is very large and loyal one and they are enthusiastic over the assurance that he will represent Kentucky in the United States Senate. He will speak every day from now until the election, but he would have to speak half dozen times a day to meet the demands that are being made upon him.

## WHAT'S THE REASON?

Many Paris People in Poor Health Without Knowing the Cause.

There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Day after day they are racked with headache and backache; suffer from nervousness, dizziness, weakness, languor and depression. Perhaps the kidneys have fallen behind in their work of filtering the blood and that may be the root of the more highly recommended remedy trouble. Look to your kidneys, assist them in their work—give them the the Doan's Kidney Pills—endorsed by people all over the country and by your neighbors in Paris.

Mrs. Hodge, 821 West street, Paris, Ky., says: "I had dizzy and nervous spells and my back and head ached, showing that my kidneys were weak. When I saw Doan's Kidney Pills advertised, I used them and they gave me relief."

Mrs. Hodge is only one of many people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Hodge had—the remedy backed by home testimony. 50¢ all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

## WHY NOT PUBLISH IT?

When you want a fact to become generally known, the right way is to publish it. Mrs. Joseph Kallang, Peru, Ind., was troubled with belching, sour stomach and frequent headaches. She writes: "I feel it my duty to tell others what Chamberlain's Tablets have done for me. They have helped my digestion and regulated my bowels. Since using them I have been entirely well." Before he marries her it tickles him to have her go through his vest pockets and ask him foolish little questions about the articles he carries. But it is so different after he marries her.

Nature is mighty liberal with noses and ears and mighty stingy with foreheads and chins.

## YOUR FALL COLD NEEDS ATTENTION.

No use to fuss and try to wear it out. It will wear you out instead. Take Dr. King's New Discovery, relief follows quickly. It checks your cold and soothes your cough away. Pleasant, Antiseptic and Healing. Children like it. Get a 50¢ bottle keep it in the house. "Our family cough and cold doctor," writes Lewis Chamberlain, Manchester, O. Money back if not satisfied, but it nearly always helps. (oct-adv)

The reason why mother hides things away during the day is because if Father ever came home and found anything where he left it the shock might prove fatal.

## IT ALWAYS DOES THE WORK.

"I like Chamberlain's Cough Remedy better than any other," writes R. E. Roberts, Homer City, Pa. "I have taken it off and on for years and it has never failed to give the desired effect." For sale by all dealers. (oct-adv)

MR. FRED BATTERTON TO GO TO THE PHILIPPINES.

Through the United States War Department at Washington, Mr. Fred Batterton, of this city, has received an appointment as Inspector of Fibres for the Philippine Islands, and will soon leave to take up his duties. The appointment of Mr. Batterton was secured through the warm recommendation of United States Senator J. N. Camden and Congressman J. Campbell Cantrill.

Mr. Batterton's duties will be to act as United States inspector of hemp, jute and manilla destined for the United States as soon as they are ready to be loaded on the American vessels for shipment to this country.

Mr. Batterton has had a large experience in the hemp business, having been connected with the firm of E. F. Spears &amp; Sons for many years, during which time he has had ample opportunity of getting a thorough knowledge of the fiber and its possibilities. He is a young man of recognized ability and has a host of friends here and in other cities in Central Kentucky, where he has been stationed in the interest of his firm, whose good wishes will follow him to his new home in the land of iguanas. Mr. Batterton will have as a co-worker and companion Mr. Emerson Galloway, whose appointment in a similar capacity was made some time ago, and who it now en route to the scene of his future labors.

## BUYS TABERNACLE.

## TURKEYS MUST ROOST HIGH.

Turkey buyers are said to be making their rounds in this section of Kentucky investigating the quality and supply of the proud bird of Thanks giving—the turkey. According to a Bourbon county farmer prices of thirteen cents a pound on foot have been offered for turkeys in some localities, but the farmers are not selling very rapidly as it is believed that the price will go up to fifteen cents per pound. In that event there will be many people in the cities, and some of them about the size of Paris, who will have to revise their plans about having a Thanksgiving dinner where the turkey will pose as the piece de resistance, and invest in rabbit meat or something else that is not quite so straining on the pocket book.

If the buyers have to pay fifteen cents per pound in the country the Lord only knows what the poor consumer in the towns will have to pay for the bird for which we all are supposed to return thank when we are able to get one.

## "BISHOP DAY" OBSERVED.

About eighty delegates representing the different Episcopal Churches of the Lexington Diocese, attended the exercises of "Bishop Day," in this city, Wednesday, and among the visiting clergymen were Bishop L. W. Burton and Dean Hassie, of Christ Church Cathedral, Lexington. The program as previously published in the News, was carried out, and all its features were especially enjoyable. One of the youngest representatives, Miss Reid, of Newport, had an unusually pleasing address on "Personal Responsibility."

The ladies of the Guild of St. Peter's Church entertained the visitors and delegates at a luncheon in the church parlors at noon, where they were served with old ham, chicken salad, pea timbales, beaten biscuits, hot buttered rolls, olives, pickles, coffee and ices.

## HIGH SCHOOL ATHLETICS.

The basket ball teams of the Paris High School have been doing active practice work for some days, and are getting in good shape for the coming season. Practice games will be played between the boys' and girls' teams until the first regular games of the league season, which will be played sometime in December at Maysville with the team of the Maysville High School.

At the end of the league season all the teams will go to Cynthiana where competitive games will be played in a tournament series for the Bluegrass Championship.

## DON'T FAIL TO REGISTER.

## CARLISLE IS "PEEVED."

The discontinuance of the Sunday trains on the Maysville branch of the Louisville &amp; Nashville road, between Paris and Carlisle calls forth these comments from Editor Tilton, of the Carlisle Advocate:

"It does appear the L. &amp; N. R. R. Co. has given its patrons on the Maysville branch a cold deal by taking off the only Sunday train running on the road."

"Wonder if it would be too expensive on the L. &amp; N. to run a handcar down the Maysville branch on Sunday. This would give us mail and daily paper service, inasmuch as we are compelled to stay at home."

"A man with means made the statement while in the Carlisle Real Estate office Monday, that he would subscribe \$20,000 worth of stock in a company to extend the interurban line from Paris to this city. This sounds like business."

"Edward Stump, local newsdealer informed the Advocate that he has made satisfactory arrangements with the daily publishers whereby he will furnish his patrons with Sunday papers, same arriving in this city about noon from Paris. Representatives of the Herald and Courier-Journal were here yesterday in regard to the matter."

## PARIS TO MEET THE MILLERSBURG FOOT BALL TEAM

What may prove to be one of the best game of the season will be played off at White Park at 3:30 o'clock this afternoon, when the football elevens of the Paris High School and the Millersburg Military Institute will meet on the field in a contest for gridiron honors. The Millersburg team has been in some exciting scrimmages and earlier in the season defeated the Paris team.

The M. M. I. warriors have also tested the metal of other good teams, and given a good account of themselves. The Paris team has made a good showing in former games against more experienced teams, and with a return of confidence born of experience and by dint of hard practice under a capable coach, it is expected they will give the college boys something to work for.

This will be the initial game of the present season on the local grounds, and for the sake of boosting the home team a large crowd should be present this afternoon when the signal is given for play.

The line-up for Paris will be as follows:

Elder, center; Tackett, left end; Santen or Woods, left tackle; Wagner, left guard; Templin, right guard; Redmon, right tackle; McShane, right end; Lavin, quarter back; Adair, fullback; Connell, T., right half; Hutchcraft, left half; Clayton, King and Payne, substitutes; Nihart, coach.

## THE PUNSTERS' CLUB DISCUSSES COST OF LIVING.

The upward tendency of the prices of necessities since the war started in Europe was under discussion recently at the headquarters of the Paris branch of the Amalgamated Order of President Pusters, and of course it was discussed from every possible viewpoint. President Dr. Chas. C. Daugherty, after hearing the opinions of several aired in their own peculiar fashion, remarked:

"I believe I can give an explanation for the soaring of the prices of some of these things. Now, for instance, if yeast should be boosted it would be quite natural, for the manufacturers want it to rise. Clothing would follow suit, I suppose, and, of course, would not bolt the proposition."

"That's all right, too," chipped in Gus Fee. "And there's a chance that pins might go up in order to stick with the rest, and needles might soar in order to keep an eye on the pins."

"That's a well taken point, Gus," interposed the president, as he performed an operation on the end of a Perfecto, "and now, beef has gone up, I suppose in order to steer the owners right and flour followed the rise in order to show that it was well bread."

"Well, now," said Judge Harmon Stitt, "Sugar is pretty sweet on the high prices and the honey would comb the pocket book. Coal will follow this winter because it will naturally want to be on the firing line. And the vegetables would trail along to beat the fruits and keep them in pickle."

Rudolph Davis hadn't said very much, but after a mighty effort he managed to unload: "Fruits wouldn't run behind, for they would want to pear off with the vegetables and get some of the plums."

Frank Roche piped up from a distant corner: "Beer might go hopping along with the rest, and of course, whisky would follow in order to keep up its spirits. And you know shoes would be along the uppers and hose would not be many feet behind, and —"

"Here, here, I'm going to beat you to it, Frank," exclaimed "Daddy" Davis. "Don't you think that tobacco would join the rest in order to keep near the smoke of battle?"

"Automobiles might stay in the running," broke in Charlie Webber.

George Howard couldn't stand the temptation any longer. All the company knew from the expression of his face that he was going to break out in spots. George got ready, and Aeroplanes might fly with the company," George said, so he did. "and then balloons would be flying high."

Away down the line there came a noise like gathering thunder, and Dr. George Varden got into action. "All meats would be forced to meet the high prices," he said "and coffee would drink it all in. Then if the tea leaves the coffee will have goods grounds for divorce."

At this juncture the hubub became deafening and the president was forced to adjourn the meeting, with the announcement that at the next meeting Dr. Strub would favor the assembly with a delightful little skit entitled, "Bits of By-Play from the Nicotine Sisters, Maduro and Claro."

## JOHN McCORMACK TO APPEAR IN LEXINGTON.

John McCormack, the famous Irish tenor, who is to make his first appearance in Lexington, to-morrow, Saturday, October 24, when he gives the first of The Studio Club Concert series is doubtless the best known concert singer of the present day.

The admiration in which he is held by the public amounts to a positive furor; he is actually besieged with attentions and expressions of admiration. But such a great artist is he that he goes unconsciously singing on his way, singing the songs of love, the songs of home and childhood, of youth and hope, of maturity and contemplation, of old age and retrospection. And always he sings with that abandon to his art, that gracious, care-free Celtic manner that has endeared him to the hearts of Americans.

His repertoire includes the deepest songs of the ages and the highest, most buoyant ballads, with all the gradations of artistic expression between the extremes.

Never is heard after his concerts, "It was too much for me." Because even in his most technical efforts he expresses a sympathy and exuberance that always gets "over the footlights" into the souls of his audiences. Nor can his concerts be said to lack in stability, in real appeal to musicians, because in his highest songs he expresses a depth of feeling, a true insight and appreciation, qualities which added to his truly marvelous voice make John McCormack one of the foremost artists of the day.

To miss this opportunity of hearing Mr. McCormack is to miss the most popular musical treat ever offered to a Lexington audience. His big, sweet, joyous voice will thrill the hearts of, without doubt, the largest audience of music lovers ever gathered in Lexington, when he stands before his listeners in the Woodland Park Auditorium on Oct. 27. adv.

## KENTUCKY WOMAN, SUFFERER FROM STOMACH ILLS, QUICKLY RESTORED

Mrs. Belle Hawkins Uses May Remedy—"Never Felt Better In My Life."

Mrs. Belle Hawkins, Eminence, Ky., was a victim of stomach disorders. She took a great deal of treatment and medical attention.

At last she tried May's Wonderful Stomach Remedy and got real results. In a letter telling of her experience she said:

"I have taken all of the medicine I ordered of you and will say it has done more good than all the doctors and medicine I ever tried. I don't really think I need any medicine now, as I think I am well. I never felt better in my life. If I ever should need any medicine I know where to get it."

That is a typical letter, taken as one among the thousands from the users of May's Wonderful Stomach

Remedy. The first dose proves—no long treatment.

May's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and removes poisonous matter. It brings swift relief to sufferers from ailments of the stomach, liver and bowels. Many declare it has saved them from dangerous operations and many are sure that it has saved their lives.

Because of the remarkable success of this remedy there are many imitators, so be cautious. Be sure it's MAYER'S. Go to G. S. Varden & Son drug store and ask about the wonderful results it has been accomplishing—or send to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill., for free book on stomach ailments and many grateful letters from people who have been restored. Any druggist can tell you its wonderful effects (adv-No 2)

### Novel Choir Strike.

A curious choir strike has occurred at Geesee, in Thuringia, Germany. By an old custom the town supplied the choir with 400 bottles of beer every year. The authorities stopped the beer and the choir immediately went on strike. The congregation complained. The town clerk and the church authorities met, and as a result it was decided to give the choir its 400 bottles of beer.

### Portraits on Emeralds.

Emeralds have often been made use of for the cutting of portraits. They are among the hardest of stones, and so stand the work better than their fellows. The Roman Emperor Hadrian had his likeness engraved upon an emerald, as well as many other great persons; and the portrait which perhaps many have seen advertised as the only true portrait of our Savior is said to be a faithful copy of one found engraved on an emerald of very ancient date.

### Bones of Prehistoric Animals.

Horn and bones of a wild ox and the antler of a red deer, both prehistoric animals, have been found during dredging in the river Thames at Marlow, Buckinghamshire, England.

## A NURSE TAKES DOCTOR'S ADVICE

And is Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Euphemia, Ohio.—"Because of total ignorance of how to care for myself when verging into womanhood, and from taking cold when going to school, I suffered from a displacement, and each month I had severe pains and nausea which always meant a lay-off from work for two to four days from the time I was 16 years old.

"I went to Kansas to live with my sister and while there a doctor told me of the Pinkham remedies but I did not use them then as my faith in patent medicines was limited. After my sister died I came home to Ohio to live and that has been my home for the last 18 years.

"The Change of Life came when I was 47 years old and about this time I saw my physical condition plainly described in one of your advertisements. Then I began using Lydia E. Pinkham's Vegetable Compound and I cannot tell you or any one the relief it gave me in the first three months. It put me right where I need not lay off every month and during the last 18 years I have not paid out two dollars to a doctor, and have been blessed with excellent health for a woman of my age and I can thank Lydia E. Pinkham's Vegetable Compound for it.

"Since the Change of Life is over I have been a maternity nurse and being wholly self-supporting I cannot over estimate the value of good health. I have now earned a comfortable little home just by sewing and nursing. I have recommended the Compound to many with good results, as it is excellent to take before and after childbirth. —Miss EVELYN ADELLA STEWART, Euphemia, Ohio.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## AFTER THE GAME OF BRIDGE

Best Form of Refreshments to Be Served for the Delectation of the Guest.

A cup of tea and a delicious sandwich or two constitutes quite enough of a "bite" to tide one over until dinner time, when the bridge breaks up, and less and less do bridge hostesses feel compelled to offer elaborate lunches in the way of salads, ices and sweet cakes so late in the afternoon. Some women are afraid of spoiling the dinner, occurring soon thereafter, and other women are in mortal terror of growing fat, so the elaborate lunch is little appreciated and though everybody nibbles politely, most of the dainties are left on the plate.

Tea and buttered muffins always offered by a certain hostess after the bridge meeting at her home, make her afternoons especially popular. Coffee and sandwiches are also relished, but sweets are better avoided, for few women really want to eat them just before dinner, and are sorry when they do, though the keen appetite of late afternoons makes sweets especially palatable.

Celery stalks chilled and stuffed with cream and cheese and chopped nuts is a toothsome delicacy for after-bridge serving. Coffee and tiny rolled sandwiches may accompany the stuffed celery. To make rolled sandwiches, cut the bread in thin slices in the morning, having first shaved off all the crust from the loaf. Pack the slices, one on another and wrap in a wet napkin. In an hour's time have ready melted butter, a pastry brush and squares of oiled paper. Brush each slice of bread with melted butter, roll and wrap firmly in the oiled paper. Set the rolls of paper in the ice box and just before serving remove the papers. The sandwiches will retain their rolled up shape.

LUKE MC LUKE SAYS

(Continued from Page 1)

Maybe if we do give the women the vote the Dear Things will be permitted to shoot their husbands without having their feelings outraged by having to stand for the formality of a trial.

The old-fashioned girl who used to have to take Pink Pills and Sarsaparilla when she ate a light meal now has a daughter who dines on crab salad, ice cream, watermelon and beer and never has anything wrong with her.

We wouldn't be so free with our sympathy if we imagined that the fellow we gave it to could cash it.

A Suffragette considers herself as good as man. Andy et al gets mad when Nature helps her out by giving her a fair to middling moustache.

It must jar some people to have to admit that the world is growing better, while at the same time the consumption of Cigarettes is increasing.

There is all sorts of people in the world, including the man who Indigenous to work as hard as he used to.

Talking about long speeches of acceptance, the woman a man marries comes pretty near holding the record.

Once in a while when you get into a crowded street car, you get the impression that Soap costs about \$2,000,000 a cake.

It takes a man a whole lifetime to discover that they can make it faster than he can drink it.

Golfer's First Thought.

Some enthusiastic golfers are so engrossed in the game that on and off the green they can think and talk of nothing else. Such a one was taken by an astronomer to see the moon through a telescope. Asked what he thought of the satellite, to his scientific friend's surprise and dismay, he said: "It's a' right, but it's awfu' fu' o' bunkers."

APPLY SLOAN'S FREELY FOR THE LUMBAGO

Your attacks of Lumbago are not nearly so hopeless as they seem. You can relieve them almost instantly by a simple application of Sloan's Liniment on the back and loins. Lumbago is a form of rheumatism, and yields perfectly to Sloan's, which penetrates quickly all through the sore, tender muscles, limbers up the back and makes it feel fine. Get a bottle of Sloan's Liniment for 25 cents of any druggist and have it in the house---against colds, sore and swollen joints, rheumatism, neuralgia, sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief. (Oct 131tf)

There are many times when one man questions another's actions and motives. Men act differently under different circumstances. The question is, what would you do right now if you do better than take Chamberlain's Cold Remedy? It is highly recommended by people who have used it for years and know its value. Mrs. O. E. Sargent, Peru, Ind., says, "Chamberlain's Cold Remedy is worth its weight in gold and I take pleasure in recommending it." For sale by all dealers. (Oct 131tf)

## CASCARETS CLEANSE LIVER AND BOWELS

No More Headache, Bad Colds, Sour Stomach and Constipation.

No odds how sick, headache, bilious and constipated you feel, a Cascaret to-night will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a gentle cleansing, too.

Mr. J. J. Peed, aged 69, died at his home Monday at 4:45 a. m., after a lingering illness of complicated diseases. Mr. Peed has been confined to his home for more than a year and was a patient sufferer. He lived for months after his life was despaired of by his family, physician and friends. He was a native of Mason county, having been born near Mayslick, and was one of twelve children, a son of Mr. and Mrs. Alfred Peed, only two of the children now living. Mr. William Peed of Lexington, and Mrs. Mollie Slack, of Sharpsburg. He resided in Mason County on the farm where he was born until March, 1889, when he purchased the Jesse Boulden farm, two miles south of Millersburg, on the Maysville pike. He sold the farm some few years ago to Mr. John Marr, and since that time has resided in town. At the time of his death he was a member of the firm of Peed & McClintock, dealers in live stock. In 1896 he with a number of others made an assignment in business and for some time his financial condition was embarrassing, but by persistent efforts and good business management he was able to recuperate a large part of the loss, and died leaving his family in good financial condition. He suffered three losses by fire in which he lost heavily. In many respects he was an unfortunate man, but bore all his ills with heroic fortitude. He was married early in life to Miss Ruth Tabb, of Dover, Ky., and by their union four daughters were born, two of whom have preceeded him to the grave. The two remaining daughters are Misses Carrie and Dorothy Peed, the latter a teacher in the Graded School at Birmingham, Ala. He was a life-long member of the Baptist Church, and an officer in the Millersburg Church. He was Blue Lodge and Royal Arch Mason, Knight Templar and Shriner. He held his Blue Lodge membership at Mayslick. He was one of the most benevolent men of this community, giving freely to all charities and lending a helping hand to the needy and distressed. As a citizen there was none better, as a husband and father, kind, loving and considerate of his family. As a friend, staunch and true, his place

in the community will be hard to fill, as his loss is sincerely mourned by all. The funeral took place Tuesday afternoon at 3:30 from his late residence, conducted by his pastor, Rev. Goldsmith, assisted by Elder C. O. Cossaboom, of the Christian Church. The active pall-bearers were R. L. Wilson, Jr., A. T. Moffett, D. C. Clarke, W. F. Saunders, D. P. Jones, O. W. Ingels. Honorary pall-bearers, Squire E. P. Thomason, J. H. Clarke, F. B. Ingels, S. M. Allen, C. H. Jones and G. W. Bramblette
